

CS410 Weekly Development Report # 5

Team Copper

Performance Period: Wed 2/12 - Tues 2/18

*(Note: there should be one report **posted to the project website** at the end of each week...)*

1. **Summary of Group Accomplishments:** <designated team member should summarize group accomplishments>
 - Xxx
 - Yyy
2. **Individual Contributions/Accomplishments:** (to be filled out by each individual)
 - **Erika:**
 - i. successfully connected to ODU VM
 - ii. added appendix slide to Demo slides
 - iii. added title, badges stand-in, and 'Current Goals' section to the rewards page UI
 - iv. defined what my next objectives are in the Next Steps slide
 - **Brian:**
 - i. Tried to link laravel to docker on ODU VM. Learned that there's not much use in docker since we have our database.
 - ii. Working on setting "boxes" where components are seen in dashboard
 - **Bryce:**
 - **Darrick:**
 - i. Created the FinancialGoal model and migration file
 - ii. Connected FinancialGoal model to the admin panel.
 - iii. Created a table on the finance page to allow users to manage their financial goals with full CRUD functionality.
 - **Smit:**
 - i. Created the budget page UI.
 - ii. Currently working on adding more components to the page.
 - **Josh:**
 - i. Reinstalled tools and frameworks after system restore
 - ii. Broke down some user stories into more manageable parts following recommendation during mentor meeting
 - **Indi:**
3. **Key Objectives for Coming Week** (top level prototype development objectives)
 - Focus on turning user stories into "taskable" stories -> each story is its own discrete task to work on
 - Rework Trello board to be more task focused instead of concept focused
 - Rework Database Schema
4. **Issues/Concerns:** Examples below...
 - **Schedule issues**
 - **Resource Availability**
 - **Clarification(s) needed**

CS410 Weekly Development Report # 5

- ...anything worth mention
